

## Planning for action

This year, Harrogate Christmas & Gift is delighted to present over 30 new exhibitors at the show – and the majority of these will be located in Hall Q. This is a not-to-be-missed destination – and with seven halls of the Harrogate Convention Centre packed with exciting new products, be sure to allow plenty of time to fit everything in.

The doors are open for four days (from 13<sup>th</sup> to 16<sup>th</sup> January 2019) and with excellent, affordable accommodation in Harrogate, it is well worth planning your visit so that you can peruse everything that our exhibitors have to offer.

### Educational and fun

Mercodels is a Harrogate-based company which specialises in making sticker-based eco-model kits with its current range focused on the WW2 warbirds. These kits are educational, fun and pretty unique making ideal gifts for the whole family. Eco-models make perfect add-on sales in any retail setting and can be customised to fit your theme or gift shop. They are also suitable for online sales as they are easy to store, package and shelve.

### Sitting safely

Anglo American endeavours to supply Christmas accessory products that work simply, securely and that are safer than many others – from Adams Phthalate-free suction cups to Haute Décor Mantel

Clips. These Clips are adjustable with gripper pads and far safer where inquisitive small children are around, than the worrying heavyweight stocking hangers that just sit on the mantel top.

New additions in 2019 are the new sparkle designs. Their 'frosty' appearance will really enhance the festive look to stockings hanging from the mantelpiece.
