

Secure your 2016 stand

After an outstandingly successful show, exhibitors participating in Harrogate Christmas & Gift 2015 now have first option to secure their stand space for 2016, confirming either the same location or to request a new position.

Simon Anslow, show organiser, comments: "We already have a waiting list of new companies requesting to join the show in 2016, but as always, we give priority to previous exhibitors before releasing space to new companies."

Harrogate Christmas & Gift has gone from strength to strength in recent years and is now considered the most important trade show for buyers from numerous sectors including garden centres, tourist attractions, heritage centres, gift shops, High Street retailers and many more.
