

## Last day – not too late to visit!

After another buzzing day at the show on Monday, exhibitors and visitors made their way to the Royal Hall for an evening that delivered on every front. Live music, complimentary drinks and great food set the scene for relaxed networking and catching up with colleagues and friends.

Today (Wednesday) marks the final day of the show. If you haven't yet visited, there's still time to head to the Harrogate Convention Centre for the industry's most important buying event of the year. The 2026 show closes at 4.00pm.

### Festive felt

Namaste's festive felts have proved a highlight of the show, bringing colour, charm and character to every display. The collection offers an irresistible mix of cheerful characters and traditional decorations, including much-loved felt decoration sets, timeless favourites that return year after year.

In this year's show Namaste unveiled exciting new designs of its festive felt box sets, which will complement its existing best sellers of snowmen, penguins and robins. These versatile sets are perfect for gifts and can be sold complete or singularly, and have quickly become must-haves buys. Together, they create a playful, and eye-catching display that never fails to draw attention.
