

At the ready!

With just three days until [Harrogate Christmas & Gift](#) opens its doors to the trade, visitors to the UK's favourite festive trade show are preparing to head to the beautiful North Yorkshire town of Harrogate ready to see the best of what the industry has to offer.

Fortunately, rail strikes are now over, so those travelling to the show by train can do so easily (trains from London Kings Cross take around three hours). Journey by car is very straight forward via the M1 or A1 – and Leeds Bradford airport is just 13 miles away for those choosing to fly.

There are lots of great hotels and guest houses in Harrogate – mostly within walking distance to the Convention Centre. If you haven't already booked accommodation, contact our the show's partner company Mice Concierge which has secured some great rates for show participants - www.harrogatefair.com/accommodation.asp

See you at the show on Sunday!

Bunny Love

Hop on over to Portland Living as it will be showcasing its Spring Collection alongside its Christmas and Halloween ranges. With unique gifts and interiors Portland Living offer an unrivalled collection of lovingly curated products for the home and garden. With trend setting designs and an aesthetic that combines rustic farmhouse living with a classic and effortless style, these unique ranges will help your customers to love every corner of their home.

Seasonal sensations

We Love Seasons is a boutique brand with the first products launched in 2019. We Love

Seasons is a one-stop shop for decorations and gifts that are destined to become family treasures that can be used year after year. The Valentines, Easter, Halloween/autumnal decor and Christmas collections are inspired by the owner's family traditions and Scandinavian heritage. We Love Seasons will launch its first collection of Christmas tableware at the Harrogate Christmas and Gift. The tableware in bone China is gold and white and the Christmas bowls are made out of acacia wood.
