

Cracking off to a great 2023

Wishing you all a very Happy New Year and hope you enjoyed the Christmas festivities with family and friends. The Harrogate Christmas & Gift team are now busy helping exhibitors to set up some extraordinary stands in Harrogate – yes, they really do have to set up for the show this early! Some exhibitors have stands as much as 500 square metres – and in the case of Premier Decorations a staggering 1600 square meters - and literally thousands of products to put on display, it's hardly surprising that the entire process is extremely time-consuming.

Harrogate Christmas & Gift
15th to 18th January 2023 Harrogate International Centre
9am - 6pm Sunday - Tuesday, 9am - 4pm Wednesday

With just over a week until your most important buying even of the year, we hope you have your Christmas 2023 hats on ready to see some truly unique products at the show. Don't forget to check online at www.harrogatefair.com for a full exhibitor list to start planning your visit!

Recycled flora

Sage Decor will be launching its new range of faux flowers manufactured using GRS certified plastic. Recycled plastic from post-consumer waste. The company believes it is one of the few importers offering this and has considerable experience in supplying some multiple retailers with own-brand ranges manufactured from certified recycled polyester fabric and recycled plastic. The flowers in this photo use virgin fabric to get a special lustre finish but the stems and other parts are recycled plastic.
