

## Don't forget to book accommodation

It is exactly two months until Harrogate Christmas & Gift opens its doors – which may seem a while away, but with the Christmas holidays just around the corner, it's never too soon to start planning your visit.

Harrogate is a favourite tourist destination, particularly during the Christmas period, so hotels and guest houses book up fast. If you haven't already secured your accommodation for the duration of the show, our official partner, Mice Concierge can help you to save money, stay in the same hotels as other delegates and get exclusive access to the best hotels for the event.
