

Heritage – August 25 - approved

## Christmas & Gift almost full more than four months prior to the show!

Companies specialising in Christmas products and giftware are already planning for the 2026 season with space at Harrogate Christmas & Gift – which takes place at the Harrogate Convention Centre from 11<sup>th</sup> to 14<sup>th</sup> January 2026 – almost full.

Among those companies which have confirmed significant sized stands are **Giftware Trading** with its collection of Christmas decorations, garlands and wreaths and Halloween products; **Shatchi**, a leading importer and supplier of Christmas products from artificial trees, fibre optics, room décor, floral, gifts and decorations; **Partisan Products** with a reputation for design and service in the gift packaging market; **Ascalon Design** with an extensive range of festive decorations; **Sincere UK** with Christmas display box picks and floral decorations; **Norfolk Leisure** with its BOSK brand of beautifully designed, high quality artificial trees and decorations; **RSW International** with a variety of Christmas crackers, accessories and table top decorations; and **Calipso Roast**, distributor within the floral packaging industry supply wholesalers, garden centres and large retailers – to name just a few.

Those visitors familiar with the show layout will be interested to see a few changes in 2026.

Long-standing exhibitor **Premier Decorations** returns, plus **Kaemingk** and **Gisella Graham**

have both reserved even larger stands; and looking for a change of scene, **Puleo Asia** has moved to a new location at the front of Hall M; **Widdop** has taken a new position in the Queens Suite foyer area; and **Joe Davies** and **Portland Living** have both taken more space and moved to a new location in Hall C.

Simon Anslow, show organiser, comments: “This year, heritage shop buyers, as well as garden centres, multiple and independent retailers will be

excited by the diversity of products on offer at the show, not just for Christmas, but for gifting and impulse purchases throughout the year. It is a must-attend trade event for anyone looking for inspiration to capture their customers’ attention.”

The show website has just been updated and we will be uploading the 2026 exhibitor list as soon as we have finalised all of the stand bookings we have so far. Companies wishing to exhibit and those planning to visit can book and register online and find out pertinent information about the show.”
