

## Let the festivities begin

With December on our doorsteps, Christmas festivities are now in full swing with High Streets across the country adorned with lights and shopping malls and garden centres opening their grotto doors.

Just when we think that these displays can't be any more spectacular, new products are launched to ensure that lights sparkle brighter, decorations are even more breathtaking and Santa's sacks are filled with more exciting gifts than ever before.

It is at this time of year that retailers in the industry can stand back and proudly admire their purchase decisions made at Harrogate Christmas & Gift last January – and look forward to even more exciting innovations at the 2016 show. If you haven't already, don't forget to pre-register at [www.harrogatefair.com](http://www.harrogatefair.com)

## Felt for all occasions

MIC has invested heavily in design and product quality offering a wide selection of gift bags and boxes suitable for all occasions whilst keeping prices highly competitive. The company has also expanded its very successful felt collection covering Mother's Day, Easter, Halloween and Christmas.

MIC also offers an exclusive bespoke service in gift bags and boxes.

## Merry mats

Harrogate is the ideal platform for JVL to launch its new Christmas doormats for next year. These mats are perfect to sell during the festive period and make a great impulse buy.

Be the first to see all combinations including Christmas PVC coir mats, shaped coir mats, machine washable mats and runners. JVL will also be exhibiting an impressive range of Christmas basketware and storage along with other new additions.
