

## Record number of new exhibitors

Visitors to Harrogate Christmas & Gift are guaranteed to find exciting new product ranges at the show next year, as not only is it almost fully booked but there are over 30 brand new exhibitors attending in 2016.

Show organiser, Simon Anslow, comments: "Christmas & Gift goes from strength to strength as the word spreads about its success we have more new companies jumping on board. Visitor numbers have increased dramatically over the last four years and it is now a leading event for retailers and buyers seeking not only festive products, but home and garden gift ranges for the entire year."

Visit [www.harrogatefair.com](http://www.harrogatefair.com) to register to attend – and if you have new colleagues in the industry, don't forget to forward this link so that they can register too.

## Tell your story one bauble at a time

Widdop Bingham & Co's 'Coton Colors' celebration baubles tell the story of each collector's life as major events are celebrated with a different keepsake bauble. As well as the traditional Christmas baubles, 'Coton Colors baubles mark every occasion from love and marriage to the baby carriage and beyond.

The collection is made up of over 70 different bauble designs. There's an attractive display and merchandising in-store solution with a co-ordinating gift box for every design. An easy-to-use paint pen kit is available for stores to personalise the baubles encouraging collectors to tell their story, one bauble at a time.

This collection is distributed exclusively by Widdop Bingham & Co and will be making its debut at Harrogate Christmas and Gift.

## Ready to hang

Due to the success in 2015 with the twin pack Haute Decor 'Original Mantel Clip' for Christmas stockings, Anglo American Distributors is introducing a four pack at the show.

The large range of high quality metal mantel clips by Haute Decor are available in a plain shiny or brushed finish as well as holly embossed designs in antique brass, oil rubbed bronze, nickel and pewter.

The 'Original Mantle Clip' can be adjusted to fit most fireplace mantels and are far safer than heavy weighted mantel clips which can be dangerous around inquisitive children and pets.
